I/We hereby declare that:

The original patent No. 5,774,106 is verily believed to be wholly or partly inoperative or invalid for the reasons of the patentee claiming more or less than he had the right to claim in the patent and that at least one error upon which the reissue is based includes that original claims 1 - 16 recite the feature of a "liquid crystal" display device, panel or driver and the newly added claims, such as claim 17, as amended, do not recite the feature of "liquid crystal" and are broadened with respect to such characterization of a display device, panel or driver.

Every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant.

I/We hereby declare that all statements made herein of my/our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
